# Privacy policy

Privacy is of utmost importance at ShitcoinWallet Company ( ShitcoinWallet in this agreement ). ShitcoinWallet is a Blockchain Platform which consists of a pool of blockchain infrastructure solutions ready to meet all the community needs and requirements. This Privacy Policy informs you of the ways we ensure privacy and the confidentiality of Personal Data. We are compliant with applicable privacy laws in the countries in which we operate. This policy describes the information we gather, how we may use those Personal Data and the circumstances under which we may disclose such information to third-parties. It's your own responsibility to read the Privacy Policy carefully before you start to use ShitcoinWallet.

## 1. Principles:

Privacy is a human right and software should help protect your rights.
We don't require you to register or log in.
We don't have access to your funds (private keys).
We don't require your name or email address.

## 2. Registration/Login Not Required

ShitcoinWallet  does not require you to register or log in.

## 3. Private Keys Stay on Device

Your private keys will stay on your device.

## 4. Physical Location

Your physical location will never be communicated to us unless you provide prior specific consent.

## 5. Device Information:

We may collect information about the mobile device you use to access our mobile application, including the hardware model, operating system and version, unique device identifiers and mobile network information. This information will never be communicated to third-parties unless you provide prior specific consent

## 6. Other kinds of information you may provide to us

Your email address, virtual currency addresses, mobile phone number and any other information you choose to provide will never be communicated to third-parties unless you provide prior specific consent.

## 7. Blockchain Transactions

Your blockchain transactions may be relayed through servers ("nodes") and will be publicly visible due to the public nature of distributed ledger systems

## 8. Secure Communication with Our Servers

All of our servers support HTTPS.

## 9. Communication with Third-Party Servers

Exchange rates, balances, transactions and other blockchain information may be read from or relayed to, third-party servers. We cannot guarantee the privacy of your Internet connection.

## 10. Third-Party Services

ShitcoinWallet has software integrations with third-party services that you may choose to use, for example: Exchange for ShitcoinWallet. Applications is supported by Changelly and Shape Shift. The original privacy policy is available at https://changelly.com/ and https://shapeshift.io/ If you do use third-party services through ShitcoinWallet Applications then they will be clearly marked and there may be other terms or privacy policies that apply.

## 11. Cookie Policy
Cookies are files with small amount of data, which may include an anonymous unique identifier. Cookies are sent to your browser from the Website and stored on your computer's hard drive. We use cookies to recognise your browser or device, learn more about your interests, and provide you with essential features and services and for additional purposes, including: You can manage browser cookies through your browser settings. The "Help" feature on most browsers will tell you how to prevent your browser from accepting new cookies, how to have the browser notify you when you receive a new cookie, how to disable cookies, and when cookies will expire. If you disable all cookies on your browser, neither we nor third parties will transfer cookies to your browser. If you do this, however, you may have to manually adjust some preferences every time you visit a Website and some features and services may not work.

## 12. Aggregate Usage Statistics

We may collect ShitcoinWallet  services usage information in order to improve function or UI, but will only use this information in an aggregated, anonymized fashion, and never in association with your name, email, or other personally identifying information.

## 13. Optional Extra PII (Personally Identifying Information)

You may choose to provide us with personally identifying information in order to participate in certain programs, activate features, or obtain other benefits but you will always be able to use the basic features of ShitcoinWallet  without providing personally identifying information. If you provide us with personally identifying information then, notwithstanding any part of this policy, we may use that information in order to provide you with services or to improve the functioning or UI of ShitcoinWallet .

## 14. All User Information is Confidential

Your personally identifying information will be kept strictly confidential and never provided to third parties (other than in an aggregated, anonymized report such as the number of users per month). All ShitcoinWallet  staff are bound by confidentiality agreements.

## 15. Support Requests

If you contact support then as part of the support request we may incidentally collect your personally identifying information but we will endeavor to keep that information secure and confidential. Support information may be managed using a third-party service and further terms of that service may apply to your support request.

## 16. Acceptance

By using ShitcoinWallet  website, you signify your agreement to this Policy. ShitcoinWallet  reserves the right to change this Privacy Policy at any time. Any changes will be posted so that you are always aware of what information we collect, how we use it and under what circumstances we disclose it.

## 17. Questions

Any questions about this policy, the collection, use and disclosure of Personal Data by ShitcoinWallet  or access to your Personal Data which is required by law (or would be so subject had the storage in question taken place in a relevant EU member state if the case may be but not otherwise) to be disclosed should be directed to email of our Project.
